

WMD Incident Command Training Course (IC)

Date April 26 - 28, 2005
Cost \$ 25 Administration Fee
Location TBA (3 Days)
Time 0800 - 1600
Instructor National Emergency Response and
Rescue Training Center
POST Credits 21.0

The Saint Paul Police Department Professional Development Institute is hosting a WMD Incident Command Training Course.

The WMD Incident Command Training Course is 3-days of in-depth training that takes the attendee through the entire spectrum of command of a WMD terrorist event. The course provides instruction on WMD, the incident command system coupled with the Federal response, and examines the complexities of operational considerations and actions of command at a WMD event. The course takes the attendee through pre and post considerations by incorporating a segment on planning for the response using techniques that allow the commander to determine the correct composition of the planning team, evaluating the threat to the jurisdiction, identifying and prioritizing probable targets, measuring required capabilities, and developing a local incident response plan to a WMD terrorist incident. The course culminates with the attendee participating in an eight-hour real time tabletop exercise using the materials developed in the previous sessions to plan for and command the emergency response resources at the incident site.

Prerequisites:

The target audience for this training includes those command level responders in the fire service, law enforcement, emergency medical service, emergency management and emergency communications, or other emergency response professions.

To request registration material, call the Saint Paul Police Department Training Unit at (651) 266-5555.
